III. REPORTS.

The following reports were furnished to the Senate :—

1. Annual Report for 1936-37 :

Mr. B. Venkatanaranappa drew attention to a discrepancy between the strength of the Academic Council and the average attendance (on page 3), to the rather low percentage of attendance in the Maharani's College and in the Medical School (page 7), to an error in printing 'B.A.' for 'B.Sc.' (on page 11) and to the absence of any in the first or second class in the B.T. degree examination of 1937.

Mr. M. Ramachandra Rao asked for information regarding the action taken on the recommendations of the Senate (page 6). The information was supplied.

The Report was recorded.

2. Annual accounts for 1936-1937 and Audit Report thereon :

Referring to the remarks furnished on the Audit Report, Mr. C. Hayavadana Rao suggested that books which were considered out of date need not be thrown away but might be kept separately for purposes of comparative study though not for consultation by students.

Mr. K. R. Subbannachar observed that the defects pointed out could have been easily avoided with greater care.

The accounts and the audit report were then recorded.

3. Vacation lectures for teachers of High Schools who have not undergone any regular training in teaching :

(*a*) The following proposition on the agenda of the Senate Meeting held on the 22nd March 1937 :—

That it be a recommendation to the University Council that a course of four weeks during the long vacation be made a part of the programme of the University Extension Lectures for the benefit of those engaged in the teaching profession who have not undergone any regular training in 'Teaching.'

(*a*) The following proposition passed at the Senate meeting held on the 27th November 1937 :—

"That it be a recommendation to the University Council that the scale of tuition fees levied in all the colleges (Technical and Medical Schools, etc.) in the State be reduced to the old scale in view of economic depression."

(*b*) Resolution of the University Council, dated the 11th December 1937.

"That while the University Council is in sympathy with the recommendation, it regrets that financial conditions do not permit of the adoption of the recommendation."

(*c*) Comparative statement of fee income (**Appendix D**).

It was suggested that the University Council while expressing sympathy with the recommendation should make a definite recommendation to Government. The Vice-Chancellor remarked that it was open to any member to have tabled a proposition in respect of the resolution and that no further action was possible in the absence of a resolution.

Messrs. C. Hayavadana Rao, T. Ramachandra and S. Venkatesaiya, spoke in support of the proposition.

Mr. T. Mr. K. R. Subbannachar spoke in support of the proposition and suggested the need for producing text-books in Kannada and consequently the necessity for making larger grants for Kannada publications.

Mr. D. V. Gundappa while agreeing with the spirit of the proposition thought that the University must be slow in adopting it.

Mr. K. S. K. Iyengar, E. F. McAlpine and M. Ramachandra Rao were opposed to the proposition on the ground that the introduction of the Kannada medium would adversely affect Inter-University relations and the chances of students of the University at competitive examinations outside.

Mr. M. Venkatesa Iyengar invited attention to the word 'optionally' in the proposition and remarked that there was no intention in the proposition to compel the Kannada medium but only to give an option in respect of it.

With the permission of the House, the mover *withdrew* the proposition.

Proposition 13.—That the Senate recommends that, in view of vacancies occuring in the University in the cadre of professorships in English in the next two or three years, two of the successful and efficient Assistant Professors of English be deputed to undergo post-graduate training in English Literature in a recognised English University.

Proposition 14.—That the Senate recommends that arrangements be made for the teaching of Hindi in the University from June 1938, as there has been a good demand during these three years for the study of Hindi.

The Vice-Chancellor drew the attention of the member to the action already taken by the University in respect of the points raised in propositions 13 and 14. The propositions were not moved.

N. S. SUBBA RAO,
Vice-Chancellor and Chairman.

APPENDIX A.

Letter No. L. Dis. 4173-431-36-37, dated the 30th April 1937, from the Director of Public Instruction, Bangalore, to the Registrar, University of Mysore.

With reference to your letter No. 22074, dated 3rd April 1937, forwarding for opinion a copy of a resolution passed by the Senate at the Meeting held on 22nd March 1937, regarding a course of vacation lectures for the benefit of untrained teachers in High Schools, I have the honour to state that short vacation courses are not likely to be of much use to teachers who have not undergone regular training in "Teaching" and who therefore have no formal pedagogic background.

But courses of lectures of about six weeks on subjects taught in the school, *e. g.*, English, Geography, Biology, Mathematics, Science, etc., (both on academical and professional sides) by competent persons would certainly prove useful not only to untrained teachers but also to trained teachers. If the University arranges for the lectures, the Department will take steps to depute teachers to take such courses.

The scheme referred to in this office letter No. A3. 5781-731 of 27-28, dated 11th July 1928, was not worked.

APPENDIX B.

Letter No. 1257, dated the 26th October 1937, from the Principal, Maharaja's College, Mysore, to the Registrar, University of Mysore.

With reference to your letter No. 24651-52, dated the 18th May 1937, I have the honour to inform you that the matter has been considered by the College Council, who confined their attention to *arts* subjects.

The following are the views of the College Council. The remarks refer to each subject—

1. The period might be one of four weeks, since it does not seem desirable to deprive a teacher almost entirely of his vacation, and concentrated study for four weeks should be sufficient.
2. In addition to at least two hours' lecturing daily, there should be tutorial and library work, etc., and the work done by those attending should be tested by the lecturer.
3. The arts subjects in which such courses are most required are English, History, Geography and Mathematics.
4. The lecturers should, as a rule, be professors. They should lecture at their own headquarters.
5. The library of the College at that headquarters should be available to those attending the lectures.
6. In view of the exacting nature of the work, an honorarium of Rs. 500 for each lecturer is proposed.
7. There will be a small expenditure upon stationery.

Letter No. 1533, dated the 19th November 1937, from the Principal, Central College, Bangalore, to the Registrar, University of Mysore.

With reference to your D. O. letter No. 8915-16, dated the 22nd October 1937, regarding the vacation lectures for teachers of High Schools, I have to inform you that a committee was constituted as under with reference to this matter. The following are the views of the committee which met on November 19th :—

1. That the duration of the course should be 4 weeks.
2. That there should be 2 hours lectures and in science subjects two hours practical work for each student 5 days a week.
3. That the subjects for the course should include English, Mathematics, Geography, Physics, Botany, Zoology and Chemistry.
4. That the number of teachers admitted to the courses should not exceed 40 in all.
5. That an honorarium of Rs. 250 may be paid to each professor, Rs 75 to each demonstrator or teacher assisting in the practical course and Rs. 12 to each peon or attender. Rs. 150 may be allowed as the cost of material for each department.
6. That Kannada should be one of the subjects of the course.

Note on the powers of the University to affiliate Institutions

Under Section 5 (*b*) of the University Act III of 1933, the University has power to grant diplomas, certificates or other distinctions to persons who have pursued a course of study under conditions approved by the University. Under clause (*f*) of the same section, the University has power to do all such other acts and things as may be required in order to further the objects of the University as a teaching and examining body.

Section 17 of the Act lays down that colleges, schools and other institutions for study and research shall be maintained by the University according to the provision of the statutes.

Statute 67 prescribes that in addition to the constituent colleges (enumerated in Section 3 of the Act) the University shall maintain the following teaching institutions, namely :—

1. The Intermediate College, Mysore,
2. The Intermediate College, Bangalore,
3. The Intermediate College for Women, Bangalore,
4. The Medical School, Bangalore,

and such other teaching institutions as the University may, from time to time, decide to conduct with the sanction of Government.

Ordinance 17 prescribes that no attendance for instruction in any institution other than an institution conducted by the University shall qualify for admission to any examination of the University.

Prior to the institution of the Intermediate course, the University had power under the then Ordinances 108-114 to recognise collegiate high schools for purposes of the Entrance Class.

In connection with the reorganization of the University courses and laws, the Reorganization Committee proposed that there shall be two classes of colleges in the University, namely, Constituent Colleges and Intermediate Colleges, and the status of colleges shall be defined in the Ordinances. The Intermediate Colleges shall, like the Constituent Colleges, be conducted as integral part of the University in respect of finance and administration. At the senate meeting held in November 1925 at which the Reorganization Committee's proposals were considered, an amendment was moved to this proposition in order to secure the addition of the following :—

> and provision shall also be made for the recognition of the colleges which may be opened by private agencies and which shall meet the University requirements with regard to educational efficiency.

This amendment was not accepted by the Senate.

At the meeting of the University Council held on the 11th December 1937, the Council resolved that the Laws of the University as they stand do not permit affiliation of institutions, but that the Council is agreeable to the University Act being amended with a view to permitting affiliation.

At the meeting held on the 29th January 1938, the Academic Council *resolved* in favour of amending the University Act so as to secure for the University the power to affiliate institutions.

Circular No. 2508—*S. L., dated 9th April* 1938.

Subject.—Mysore Government Three per cent Loan 1956-61.

The holders of 5½ per cent of 1938 bonds and 4½ per cent, 4 per cent, 3¾ per cent and 4 per cent a Five-Year Savings Bank Fixed Deposits are allowed the option of converting their holdings into 3 per cent 1956-61 Loan issued with Notification No. Fl. 5910—G. F. 189-35-2, dated 3rd February 1936, under the terms mentioned therein.

The security deposit holders who have offered 5½ per cent bonds of 1938 which become payable on 1st November 1938 and fixed deposit holders of 4½ per cent, 4 per cent, 3¾ per cent and 2¾ per cent also will have to offer security either in cash or other loan bonds till their term of security ceases. It is suggested that in their cases it would be advantageous to invest their present securities in 3 per cent 1956-61 Loan bonds. The Heads of Departments will therefore make necessary arrangements to obtain the consent of the holders of the securities and forward the applications of the holders willing to invest in 3 per cent, 1956-61 Loan bonds as early as possible.

(1) Necessary provision has been made in the College for imparting *free* instruction to pupils from the Sanskrit Elementary Course up to the Vidwat Uttama Final Course in the three branches of study, *viz.*, Sahitya, (Literature) Vyakarana (Grammar) and Tarka (Logic). As many as 98 scholarships are awarded each year to deserving students, covering the entire course of instruction, at rates ranging from Re. 1 to Rs. 12 per month. Prizes in the form of books are annually given to successful students. Candidates are admitted

free to all grades of the Sanskrit Public Examinations. The courses of study provided in the College lead to the following Public Examinations :—

(1) the Prathama or the Primary,
(2) the Kavya,
(3) the Champu Nataka,
(4) the Vidwat Intermedidate, and
(5) the Vidwat Final Examinations.

Those who pass the First three Examinations will be given certificates and those who pass the last two Examinations (the Vidwat Intermediate and the Vidwat Final) will also be given money prizes, ranging from Rs. 50 to 150 according to the Examination they pass and the class and distinction they obtain. Further, a few special prizes are awarded from endowments received from gentlemen interested in Sanskrit Education.

Free lodging is available to moffusil students.

(2) Some of the special features of the courses provided in this College in addition to the study of Sanskrit are that subjects of practical importance are taught—

(*a*) In the primary Course which is one of the three years, not only Sanskrit, but also Kannada and General subjects like History, Geography and Arithmetic up to the Middle School standard are taught.

(*b*) English is taught from the Middle First Year class up to the S.S.L.C. standard in the Secondary School Course which is one of six years.

(*c*) History of Sanskrit Language and Literature and works of Oriental Scholars bearing on the different branches of study are taught in addition to special subjects of Sanskrit study during the five years of the Collegiate Course. Thus, students who pass out of this College will not only be Sanskrit Vidwans of the old type but will also be scholars with a modern outlook.

(3) The courses provided in this College have further been, as far as possible, co-ordinated with the General High School Courses. Students who after passing the Kannada Lower Secondary (Upper Primary) Examination, pass the Kavya Examination and obtain 40 per cent or more marks in English, are allowed the privilege of joining the IV Form of a High School, if they so desire. Candidates who pass the Middle School Examination within a period of two years before appearing for the Kavya Examination, will be exempted from passing the English Group of the Kavya Examination.

(4) Students who pass the S.S.L.C. or higher Examination with Sanskrit as Second Language or as an additional subject, will be exempted from passing the English Group of the Champu Nataka Examination and from passing the Kavya Examination also, for purposes of admission to the Champu Nataka Course.

(5) Candidates who pass the Champu Nataka Examination in full will be permitted to take the English Group only of the S.S.L.C. Examination on payment of an examination fee of Rs. 3.
